DOCUMENTARY

[Available on loan from CIA library is a copy of a Spanish language 1952 annual report on Empresa Nacional del Petroleo (ENAP). This report furnishes an over-all report on the activities of the company in oil exploration, drilling, refining, etc.

Note: The last page of this annual report is a map, scale 1:200,000, of the lower end of Chile and the Island of Tierra del Fuego. The location of a 500 bbl per day discovery well brought in the latter part of August 1953 is indicated thereon [REDACTED]
